What is the second largest?

Can you think of a reason for the composition of religious groups?

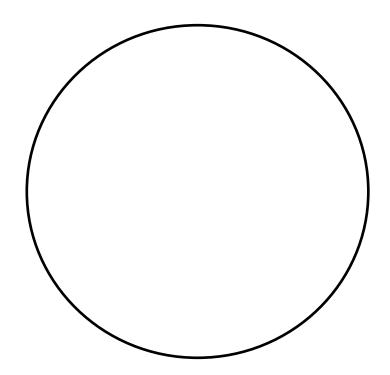

How has religious identity fallen? Why might that be the case?

How can you explain the 'projected change' graph?

Now survey the students in this class to discover what religion they practice or believe in. Remember, everyone is entitled to their own belief!

Record your responses below:

Create a pie chart to show our classmates religious beliefs. Make sure to clearly label each section and provide percentages for each group. Give your chart a title!
