

Time Line Assignment: The Fall of Rome to the end of The Dark Ages

We are going to create an online time line using the website timetoast.com. In this time line, you will identify as many important events during the time between **410 CE to 1066 CE**. I expect you to identify at least 10 important events, and include in the description why this event was important to either the entry into the Dark Ages or the end of the Dark Ages. Please include images and links to other images, as you see fit. You may work with a partner or individually – just make sure that you let me know on your submission who you worked with!

ASSESSMENT: you will be marked on the following criteria

- how accurate your information is
- how many details you include as to the events' importance
- how much effort you put in to including pictures, videos, and extra links for more information

DUE DATE: your assignment will be due at the beginning of next week. On the Monday or Tuesday (September 28/29), you will provide me with the link to view your time line publicly.

GOOD LUCK AND HAVE FUN!
